Nording of Resolution/Motion/By-Law	Shoemak	er's	Notes	Outcome
Development the Adia to efficiency file Production of 2010	Vote	1		D I
Resolved that the Minutes of the Regular Council Meeting of 2018 05 28 be approved.	YEA			Passed
Resolved that the Agenda for 2018 06 11 City Council Meeting as	YEA			Passed
presented be approved.				
Consent Agenda	YEA			Passed
Resolved that all the items listed under date 2018 06 11 – Agenda				
tem 6 – Consent Agenda be approved as recommended.				
Resolved that the report of the Manager of Audits and Capital				
Planning dated 2018 06 11 concerning 2017 Audited Financial Statements be received and that the audited Consolidated				
Financial Statements and Trust Fund Statements for 2017 be				
approved.				
Resolved that the report of the Manager of Recreation and				
Culture dated 2018 06 11 concerning Heritage Property Tax				
Rebate Program be received and the recommendation of the Sault Ste. Marie Municipal Heritage Committee that 1164 Queen				
Street East be enrolled in the Heritage Property Tax Rebate				
Program be approved.				
Resolved that the report of the Manager of Transit and Parking				
dated 2018 06 11 concerning municipal parking lot lighting be				
received and that an additional \$42,000 be allocated from the Green Committee Reserve to cover costs associated with the				
implementation of the municipal parking lot lighting retrofit.				
Resolved that the report of the Design and Construction				
Engineer dated 2018 06 11 be received and that the engineering				
fee limit in Tulloch Engineering's agreement for reconstruction				
of the Fort Creek Aqueduct be increased to \$876,289 to include				
contract administration and construction inspection. Resolved that the report of the Director of Engineering dated				
2018 06 11 concerning upgrades to class D gravel roads be				
received and that the Legal Department be directed to				
investigate the acquisition of the remaining existing class D road				
private rights-of-way.				
Resolved that the report of the Director of Engineering dated 2018 06 11 be received and that the section of Ontario Avenue				
between Pine Street and Upton Road be renamed Garrison Way;				
Further that the Legal Department be directed to prepare the				
necessary bylaw to effect the same.				
Resolved that the report of the Land Development and				
Environmental Engineer dated 2018 06 11 concerning the annual operations and monitoring reports for the municipal				
landfill be received as information.				
Resolved that the report of the City Solicitor dated 2018 06 11				
concerning Local Planning Appeal Tribunal – 248 Wallace				
Terrace and 292 Farwell Terrace be received as information.

Resolved that Norman Fera and Bruce Butler be appointed to the Sault Ste. Marie Community Theatre Centre Board of Directors for a	YEA		Passed
two-year period effective June 19, 2018.			
Whereas the maintenance and security of the former hospital	YEA		Passed
properties has been sorely neglected; and			
Whereas it appears very unlikely this prime waterfront area will be			
further developed in the foreseeable future; and			
Whereas the former hospital buildings are crumbling and action			
needs to be taken for the elimination of personal risk, and to			
address the aesthetics of this property; and			
Whereas this area is part of the community's prime waterfront and			
is situated along a main east-west corridor creating an eyesore			
which impacts the reputation of the City to visitors and is			
discouraging to local residents; and			
Whereas a number of serious concerns have been cited by the			
residents of Riverwalk Condominiums who are literally living in the			
midst of this abandoned property site, including the following:			
 Unrestricted vehicular access; cars and trucks regularly using 			
the area for high speed, dangerous driving and illegal drug			
activity is observed daily			
People are frequently seen on the roof of the former			
General Hospital and risk of serious injury is a concern to			
those living adjacent			
Health concerns are great due to an extensive rat infestation and evidence of a haven for roosting and breeding for			
and evidence of a haven for roosting and breeding for			
pigeons in both the former renal site and General Hospital			
building; and Whereas the demand on policing is substantial and associated costs			
Whereas the demand on policing is substantial and associated costs are high due to the inordinate number of complaints received from			
, ,			
concerned citizens over the past two years regarding these			
properties because the site is an unsecured magnet for intruders;			
and			
Whereas the state of this property does directly affect the residents			
of the Riverwalk Condominium and those in the surrounding			
neighbourhood; and			
Whereas the entire City suffers as this prime waterfront area			
appears so poorly and could discourage investment in our			
community by a seeming lack of commitment to maintain high			
property standards;			
Therefore Be It Resolved that appropriate staff be requested to			
investigate and report back to City Council by the first meeting in

September on all options to exercise the full authority available to the municipality to address this serious issue; and Further Be It Resolved that staff recommend a specific course of action that can be taken to resolve this matter. Whereas every year the City of Sault Ste. Marie reconstructs or resurfaces many municipal roads; and Whereas every year new cracks, potholes and damage appear in the municipal roads; and Whereas the potholes are caused, in part, by water entering into small cracks left in the asphalt when it is initially laid, then freezing, and expanding, which, over time, creates large potholes; and Whereas the City of Sault Ste. Marie, like many cities and provinces in Canada, has a significant infrastructure deficit when it comes to road reconstruction and resurfacing; and Whereas research has shown that reducing the number of cracks in freshly laid asphalt lengthens the life of said asphalt; and Whereas new technology is being studied by the Ministry of Transportation to increase the lifespan of newly laid asphalt; and Whereas the Ministry of Transportation is also considering water permeability standards for newly laid asphalt to ensure water is not entering cracks, and thereafter creating potholes; Now Therefore Be It Resolved That staff be requested to investigate the new technology being studied by the Ministry of Transportation and offer their support to the development of reasonable water permeability standards in new asphalt as a way to improve the roads for Sault Ste. Marie motorists. Whereas the new animal care and control by-law 2018-19 under section 6.1 "Running at Large" states that "no owner shall cause or permit a dog or cat to be at large in the City of Sault Ste. Marie. For the purpose of this by-law the dog or cat shall be deemed to be running at large if it is found in any place other than on the premises		Seconder: S.Butland Mover: J.Hupponen

Whereas there have been numerous complaints in the past and recently about dogs running at large on the Hub Trail, Bellevue Park and Hiawatha Park to name a few; and			
Whereas in the past, any complaints regarding dogs running at larger were not addressed effectively due to lack of enforcement capabilities by our by-law enforcement officer or the local Humane Society;			
Now Therefore Be It Resolved that City staff and Humane Society staff be requested to report with options to effectively enforce the running at large provisions of the animal care and control by-law.			
Whereas By-law 2018-19, a new and enhanced animal care and control bylaw was passed on May 28, 2018 to ban domestic animals such as dogs and horses in animal exhibitions in the City of Sault Ste. Marie; and	YEA	Mover: J.Hupponen Seconder: M.Shoemaker	Passed
Whereas the "Super Spectacular Circus" uses dogs and horses in their performances and therefore will be banned from including Sault Ste. Marie in their traveling circuit unless they can offer an animal-free circus event; and			
Whereas circuses have been coming to our city for many years as a form of family entertainment; and			
Whereas it would be disappointing to many residents if the event were not replaced; and			
Whereas animal-free circuses can offer an extravaganza with an array of acrobats, clowns, dancers, magicians and jugglers; and			
Whereas animal-free circuses are growing in popularity throughout the country;			
Now Therefore Be It Resolved that staff be requested to investigate animal-free entertainment options available for the summer of 2019.			
Whereas Sault Ste. Marie has been told it will be one of the first 14 designations across Ontario to have a retail cannabis site and Whereas a yet-to-be named location is scheduled to open this year; and Whereas the province intends to open about 40 stand-alone	NAY		Defeated
marijuana retail stores; and Whereas the City was required to provide the province with an inventory of potential properties zoned to accommodate the commercial outlet based on criteria provided by the province; and Whereas the Ontario government, which will ultimately determine where a cannabis retail store will be located, has said that it will			
follow guidelines designed to protect youth by ensuring stores are not in close proximity to schools and preventing illegal storefronts; and Whereas in recent months Sault Ste. Marie City Council has been			
informed more than once that our community has a higher than provincial average drug problem and that our youth are already at risk; and			
Whereas City Council has also been informed that the non-medical use of marijuana is a proven pathway to increased chemical dependency use; Now Therefore Be It Resolved that City Council goes on record			
opposing the opening of a retail cannabis outlet in our community Resolved that all By-laws under item 11 of the Agenda under date 2018 06 11 be approved			Passed
Resolved that By-law 2018-118 being a by-law to appoint Municipal Law Enforcement Officers to enforce the by-laws on various private properties and to amend Schedule "A" to By-law 90-305 be passed in open Council this 11th day of June, 2018. Resolved that By-law 2018-120 being a by-law to authorize the execution of the Contract between the City and Ellwood Robinson Inc. for the 2018 road resurfacing program which includes resurfacing People's Road from Third Line to Fourth Line, Shore Drive from Pine Street to east limit, and Rosita Street from Ransome Drive to Ellis Road, as well as surface treatment of Brookfield Avenue from Second Line to the south limit and Laurier Avenue from Second Line to the south limit be passed in open Council this 11th day of June, 2018. Resolved that By-law 2018-122 being a by-law to authorize the sale of surplus property being civic 84 Ruth Street, legally described in PIN 31581- 0146 (LT) to 1927522 Ontario Inc. o/a TTG Group and to repeal By-law 2018-109 be passed in open Council this 11th day of June, 2018.
