

## **DISABLE ADVANCED TRAFFIC SIGNALS BETWEEN 9 P.M. AND 6 A.M.**

**Mover:** Matthew Shoemaker

**Seconder:** Matthew Scott

**WHEREAS** many traffic signals in Sault Ste. Marie have advanced signals for the better movement of traffic during peak traffic hours; and

**WHEREAS** many drivers have experienced the situation where no other vehicles are at the intersection, and the advanced traffic signal is illuminated; and

**WHEREAS** during off-peak traffic hours, advanced traffic signals serve only to delay vehicles for a longer period of time at intersections; and

**WHEREAS** delaying vehicles at intersections when such a delay is unwarranted adds to the carbon emissions that are released into the atmosphere;

**NOW THEREFORE BE IT RESOLVED THAT** staff report on the feasibility of disabling advanced traffic signals at all or mostly all of the intersections in the City that have advanced signals from 9 p.m. nightly until 6 a.m. the following morning.
