

REQUIRE THE CITY TO BUY ELECTRIC VEHICLES

Mover: Matthew Shoemaker

Secunder: Donna Hilsinger

RESOLVED THAT the report of the Climate Change Coordinator dated February 22, 2021 concerning cost analysis of purchasing electric vehicles be received as information and that Council direct staff to acquire Battery Electric Vehicle for any new light class unit vehicles that are acquired for the City fleet on a go-forward basis with continuing monitoring of options for electrification of other classes of vehicles, including the transit and public works fleet.
